About Firsthand Technology Value Fund

Firsthand Technology Value Fund, Inc. is a publicly-traded venture capital fund that invests in technology and cleantech companies. More information about the Fund and its holdings can be found online at www.firsthandtvf.com.

*Estimated gross assets as of April 30, 2013 represent preliminary total assets of \$200,037,982 as of March 31, 2013 plus the net change in unrealized appreciation/depreciation of publicly-traded securities since March 31, 2013. For the purposes of calculating the percentage of gross assets represented by each investment, the value of each holding is determined by the most recent of: (1) the purchase price, (2) the market value for public securities, less any discounts taken due to restrictions on the stock, or (3) the March 31, 2013 fair value of each security, as determined by our Board of Directors.

The Fund is a non-diversified, closed-end investment company that elected to be treated as a business development company under the Investment Company Act of 1940. The Fund's investment objective is to seek long-term growth of capital. Under normal circumstances, the Fund will invest at least 80% of its total assets for investment purposes in technology and cleantech companies.
